DEDICATION

We the staff of the 1962 yearbook would like to show our appreciation to Mr. Theodore Meholick by dedicating this yearbook to him. Mr. Meholick, who has been here for 11 years, has won the admiration of all the students as well as of the rest of the faculty. In addition to being the Industrial Arts instructor, he is the senior advisor, a bus driver, and friend to all. We, the annual staff, wish to express our sincerest thanks to Mr. Meholick for everything he has done to help us. Thank you, Mr. Meholick.

The Staff

BOARD OF EDUCATION

STANDING--Mr. Senseman, superintendent, Mr. Beyl, clerk, Mr. Kettlehake, Mr. Miller.
Our best wishes to our Board of Education as they continue to work for the betterment of our school.

SECRETARIES

Mrs. Lynn Reinhardt

Mrs. Leroy Myers

SUPERINTENDENT

Mr. J. K. Senseman

Mr. Senseman, our superintendent has completed his seventh year as the head of Bethel School. Under his administration, many improvements have been made of which we are very proud. One of these is the addition of a new high school building. We wish to thank Mr. Senseman for his continuous persistance in making improvements for the betterment of our school.

HIGH SCHOOL PRINCIPAL

Mr. L. F. Slagle

It is a rare occasion indeed when you find Mr. Slagle, our high school principal, with nothing to do. Mr. Slagle, who has just completed his first year as high school principal, has worked very hard for the improvements of many things in our high school. We would like to see Mr. Slagle continue as high school principal for many years to come.

ELEMENTARY PRINCIPAL

Mr. H. C. Callaham

Another hard worker who is always striving for improvements in our school is Mr. Callaham, the elementary principal. A few years ago, Mr. Callaham initiated a program to get the younger children interested in basketball. Today, we are proud to say that this program has been very successful. We hope Mr. Callaham will be at Bethel for many years.

THE HONOR SOCIETY

The object of the L. F. Slagle chapter of the National Honor Society is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in the students of Bethel High School.

The members of the Honor Society are chosen by the faculty on the basis of Scholarship, Service, Leadership, and Character. To remain in this society, each member must maintain these four standards.

Next year a chapter of the National Junior Honor Society will be established at Bethel. The National Junior Honor Society is exactly the same as the National Honor Society except it is for those students in grades 7, 8, 9, and 10 who are eligible for membership.

This year's members of the National Honor Society would like to thank their sponsor, Mrs. Alpha Eger, for the advice and guidance she has given them throughout the year. Thank you, Mrs. Eger.

CLASS PROPHECY

It is a quiet evening in June, 1988. The scene is a lovely stone home on Pisgah Road. The occupants of the home are Mr. and Mrs. Theodore Meholick. At present they are reading the local newspaper, "The Brandt Daily News," edited by MISS JUDY BIGOS and MISS WILMA DILLARD. Mrs. Meholick then discovers that the television section contains the announcement of a special report to be given by the internationally famous news commentators, MALONEY and JOHNSON, better known to the Meholicks as JERRY and JAMES. The program is to feature the landing of Col. DANIEL DEE DUNHAM, the first astronaut to land on and return from Venus! Quickly Mr. Meholick adjusts the set and finds that MALONEY and JOHNSON are now speaking from the yacht, the U.S.S. METZGER, owned and operated by MR. CHRIS W. METZGER, who made a fortune in oil. One day while digging in the rocks, Chris struck

the oil that has made him King of all oil tycoons.

As the TV camera swings around, Mr. and Mrs. Meholick see several of their former students who are guests on the U.S.S. METZGER. First there is MR. TERRY PRESTON, president of the Preston Plastics Corporation; then comes a fashionable married couple. PAM and TERRY CAMPBELL owners of the famous chain of CAMPBELL'S TURNPIKE RESTAURANTS. MALONEY and JOHNSON now switch to Cape Canaveral to spotlight a spectacular celebration at BORING'S BEATNIK BASE. Outside BORING'S BASE the Meholicks see several members of the society for the Advancement of Space Age Children. The members, picketing for more math, longer compositions in English, and more difficult physics assignments for their children, are the former LINDA STRADLING, HELEN BLACK, CAROL DICKENSHEETS, CAROLE NIVENS, and PHYLLIS GUESS, now happily married spouses of government workers at the Cape. Inside BORING'S BEATNIK BASE, the famous KILLER CARMACK, better known as Gary, and his Crazy Combo, are playing. Their featured dancer is MR. WAYNE "CRAZY-HIPS" HENSLEY.

The night club guests are really excited about the delicacy being prepared by Mrs. Dave Flora, the former MILLIE LAYMAN, who has made Aunt Millie's Russian Tea Rings the current rage food of the United States. MISS MELVA FLICK and MISS BETTY LOEWER, the hostesses, are assisting in serving this delicious dish. Coming into the camera range is MR. JERRY WILLIAMS, the Maitre DE. He has just assisted MISS KATHLEEN GORMAN, President of the Pension for Presley, in choosing the most taste-ι tempting foods on the menu. Kathy has made a stop at Cape in her fund raising drive throughout the States.

A commercial breaks in on the flood of memories; following the commercial, the cameras are once again focused on the U.S.S. METZGER where JANET DIXON and CAROLINE RICH, well-known dress designers for KAY COVERT's dress shop, are discussing the latest fashions with a buyer from Macy's of New York, the former MARGIE WRIGHT. While these girls are chatting, they look up to see the yacht of GARY ANDERSON, international playboy, coming over the horizon. Mr. Anderson greets them and continues his journey in the direction of the exotic islands of the South Seas.

Still awaiting word from Venus control, Maloney and Johnson are startled by a loud call. They turn to find an old classmate, MR. DENNIS MYERS, president of the National Hog Calling Association, practicing his famous pig call which will be the signal for the return from Venus. Mr. Myers has also startled a sleeping passenger who is none other than MR. WILLIAM MORROW, this year's winner of the La Monsa Auto race in Europe. With him in his car, designed by the famed MR. LESS LEE SKAGGS. Meanwhile on the promenade deck, Mr. and Mrs. Meholick see more of their former students. There is Mr. LAWRENCE SMITH who is running for the presidency of the United States. With Larry, discussing politics, of course, are Harvard Professor GEORGE HENDERSON, personal advisor to John Fitzgerald Kennedy, Jr., and the distinguished bachelor TERRY SHOUP, the only man ever to become Dean of Women at Vassar College for Women. As these men are engrossed in conversation, MR. PHILLIP KIZER, president of a national labor organization, emerges from the dining area. Phil is eager to discuss labor problems with the presidential candidate. But now the cameras are switched to a scene down by the swimming pool where MISS SUE SHULTZ and MR. ELMER ETGEN, the ship's social directors, are earnestly trying to teach MR. DAVE WHITCHURCH, owner and operator of Wyoming's largest horse ranch, how to master the fundamentals of shuffle board. As the cameras are on this little scene, there is a flash announcement from Wisconsin that a forest ranger, MR. ROY WHITED has spotted the parachute and that Col. DUNHAM, who is in excellent condition, will be landing shortly. With this announcement, a member of the Metzger party, standing by the rail gives a sigh of dismay. The disappointed man is MR. FRANK PERRI, the notorious mortician who owns Perri's Pickle Parlor. Maloney and Johnson now switch to the U.S.S. SLAGLE which is under the command of Admiral DONNEL L. SCHAFER. Adm. SCHAFER is standing on the bridge with his secretary, Miss CAROL STEVENSON. Both are eagerly awaiting the arrival of Col. DUNHAM. Also on board the U.S.S. SLAGLE is the astronaut's medical team and rocket designer. In this group are SANDRA BOWMAN, the dental technician, and BETSY DINSMORE, the doctor-psychologist, DON GILLIAM, rocket designer; and TOM STEVENS, flight plan co-ordinator. The cameras now switch to the capsule which has now hit the water. The Meholicks see it picked up by a helicopter and placed on the deck of the U.S.S. SLAGLE. The capsule opens and COL. DUNHAM steps out, whereupon he is presented with a wreath of flowers by MR. GRAHAM WALLEY, owner of WALLEY'S FLORAL SHOP.

So, filled with happiness over this wonderful event, Mr. and Mrs. Meholick turn off their television set. They feel a great personal satisfaction in knowing they have had a part in the shaping of the new era.
